## **Landscape Update for March 2025**

#### • General Maintenance

- We have set the clock to three times a week with the turf starting to come out dormancy and the temperatures going up
- We have Detailed and Cleaned up the Riverhouse and Riverclub.
- o Team is spraying for weeds throughout the community and trimming shrubs.
- o Teams are working on grass cutbacks and removing moss from trees
- We will ensure that all tree suckers are removed from the base of the trees
- o Team has been spraying all mulch beds for clean appearance.
- We are removing as much Moss from trees as we get to each section
- Teams have removed numerous trees and limbs that have fallen at no charge. Larger trees will be proposed for removal by the arbor team.
- Mattamy, Vesta, and Yellowstone are doing monthly drives throughout the community to check on status of concerned areas and the overall appearance of the community.
- Annual flowers will be installed in April along with fresh and rich soil. We raised the beds for a better show. We are installing Vic Blue Salvia, Antiqua Yellow Marigolds, and Pink Begonias. This is my favorite rotation for spring!
  - The low beds have caused the flowers in the past to decline prematurely and not show off as intended.
    - This is caused by the flowers staying too saturated which causes the roots to rot.
- Proper mowing heights for each type of turf will be achieved throughout the winter and early spring months.
  - Because of this you will see scalping occasionally until the proper height is achieved.

 Ex. If you want to maintain a height of 4in you need to drop the level of the existing canopy of the turf to between 3.5-3.75 so that the new green growth is what is showing after each mowing occurrence moving forward.

## • Irrigation

- Techs have been running through system and making repairs as we go.
- o All clocks are being set to run three times a week due to amount of rain we have had
- Lead tech is working with IQ system to help system run more efficiently.
- We are setting five day rain delays when we have rain
- Other options are being looked at to make the system more efficient and save on the annual water cost.
  - Items being looked at:
    - Eliminating bubblers on established trees that do not need them anymore
    - Making sure all rain sensors are operational
    - Adding rain sensors to battery operated valves
      - Each area will be different depending on layout and justification of cost.
        - Some will be looked at to be added to a clock with wiring.
        - Others will be looked at for rain sensor installation and hidden by plant material if required.

#### • Fert/Chem

- Our techs will be treating for turf weeds throughout the community.
- The turf is starting to come out of dormancy. Teams are spreading granular fertilizer to green up turf and push healthy growth
- o Lead tech is Treating roses with bone meal and liquid fertilizer.

### Arbor

 We will continue to lift low hanging trees throughout community each week for line of site issues, safety issues, aesthetics, and improved tree health with balanced weight distribution from the branches.

## **RECDD I**

## **Asphalt Trail around and along Waterfront Dr:**

It was brought to our attention that the walking trail near the intersection of Waterfront Dr and Orange Branch Trail needed some attention. We had the damaged asphalt removed, cut away the tree roots and asphalted over the affected area. The repair part of this job is completed. The top seal coat gets performed around April due to weather conditions.

#### Waterslide:

We performed a rejuvenation of the interior of the waterslide. This was a buff and wax detail to remove streaking, along with caulking of the seams. During this process we had the slide inspected as well to identify any other underlying issues and have them addressed. We will look to possibly have the gel coat reapplied next offseason as there are some small slits that we need to keep our eyes on, but the slide itself is safe for riders.

#### Waterslide Tower Frame Issues:

While inspecting the slide tower staircase we discovered that some of the platform's support beams had excessive rust. We brought in a structural engineer who was recommended by our district engineer to inspect the tower. The slide will remain closed until the repairs are made. We are coordinating scheduling now with Sterling Specialties as voted upon in Februarys meeting. Work will commence shortly, and we will not perform any work during spring break week for safety reasons.

## **Waterslide Tower Bolt Replacement:**

The carriage bolts that attach the boards on the outside of the frame of the waterslide tower have rusted to the point where the heads have deteriorated. The lumber is still whole and in good shape, so we are simply looking to replace the bolts with 316 stainless steel versions for longevity. We are coordinating scheduling now with Sterling Specialties as voted upon in Februarys meeting. Work will commence shortly, and we will not perform any work during spring break week for safety reasons.

#### Filter Equipment for RiverHouse Pools:

The sand filters for both pools need repair. The sand needs to be changed out. When performing a changeout there will need to be internal parts changed out, as they will be broken due to their age.

Unfortunately, the manufacturer of these filters went out of business years ago and the parts are not available. This means the filters must be replaced. The slab cracking issues are band aided as well, and the slabs need to be removed and built properly up to current codes.

#### **RiverHouse Pool:**

We are working with the selected contractor, Crown Pools, on scheduling options to complete this project which we will go over with the board as soon as possible.

#### **RiverHouse Pool Furniture:**

Last off season we replaced the lounge chairs around the family pool at the RiverHouse and relocated any of the salvageable chairs to the lap pool side. This off-season we will need to order matching chairs for the lap pool side as the old ones are original to the property and have many broken welds and broken slings. We have ordered these and are awaiting their arrival.

#### Waterfall Grates:

The grates that ripple the water on the Main Street waterfall entrance are rusted and broken. We need to have all of these replaced and are pricing out options. The new grates will be made of aluminum. We are coordinating scheduling now with Sterling Specialties as voted upon in Februarys meeting.

## Pothole on Footbridge alleyway:

There is a large pothole that formed on one of alleyways off Footbridge in the Gardens neighborhood. We got with the District Engineer to investigate the root cause of the pothole, and it was determined to have not been caused by an underlying water or drainage issue. We cold-patched the area for now until we can get it properly repaired. Duval Asphalt addressed this pothole properly for the time being until other work is decided on.

## **Street Signage around Main Street:**

Many of the street signs in the Main Street District have seen better days. Their reflectivity is worn down from sun damage. We have contracted Sundancer Signs to replace the decals on these signs to bring them back up to standard.

## **RiverHouse Parking Lot Lighting:**

We were tasked with adding additional lighting to the RiverHouse parking lot for safety reasons. We will begin this process by having a lighting test done by a electrical engineer to determine proper placement of additional lights. After that we will be able to obtain quotes.

#### Midges Pond K:

Supervisor White requested we investigate applying the midge fly program that we executed on pond Z this year for pond K. It was voted on to add Gambusia fish to this pond. We have contacted Florida Waterways, and they have ordered these from the fish hatchery. We will work on scheduling which is likely due in March due to the weather if they are available.

#### **Fencing around Rivertown BLVD:**

The perimeter fence that surrounds Rivertown BLVD and connects onto Kendall Crossing is rotting. We have replaced boards that fall off and it needs painting at least. Our suggestion would be to replace this with Vinyl fencing rather than invest in painting it. We will gather quotes for this.

#### Water Fountain:

We are exploring the addition of a water fountain in the gym that is permanent and filtered like the ones in our newer facilities. In time this would save money due to no longer needing to provide cups or water jugs.

## **RECDD II**

## **Right Side Firepit:**

The control module for the right side firepit is inoperable and is being sent back to the manufacturer for warranty repair/replacement. We received a new module under warranty and had it installed. This is currently operational.

#### **Bar Stools:**

We are purchasing new bar stools for the club as the old ones are worn out. These have been ordered and we are awaiting their arrival.

## **RiverClub Painting:**

The RiverClub needs fresh paint of the exterior as the old original coat has seen better days. The interior needs a new coat as well. It was voted on to have Investment Painting perform this job. We are working on scheduling now. This project has begun, and we are working towards the finish line.

## RECDD 3

#### Riverlodge Walkways:

We are looking at costs on expanding paver walkways at the Lodge, mostly around the lazy river. Although the current set up meets code and passes inspection, this will allow for safer traffic flow.

## **All Districts**

#### Street sign visibility audit:

We have been working with Supervisor Cameron on street signage that is not visible due to trees blocking them. Some of the trees are owned by CDD and some are homeowner trees. We are coordinating Yellowstone on the trimming back of our trees and will be notifying the HOA of any trees that are homeowner trees so that they may notify the residents. We have also located approximately 60 signs in the main street area that are sun-faded to the point that the decals need replacing and we have begun the process of these repairs.

## **Christmas Lights:**

We are gathering quotes to add permanent Christmas lights to all three amenity centers. This will be an extensive upfront cost but will save money long term and these lights have a lifetime warranty. They can also be color controlled to decorate for other holidays. We will likely present this in April's meetings.

Submitted by: Richard Losco & Lisa McCormick

Square POS Net Sales were up 20.6% for the month of January \$42,381 compared to \$35,140 prior year. The revenue trajectory is extremely positive based on current figures. Events at the RiverClub Facility included music bingo, trivia, and Davis Cook music.

Cost of Goods Sold (Food and Beverage) was 41.9% in the month of January, compared to 46.1% prior year. This improvement from the prior year is positive, and hopefully the trend will continue into FY 2025 with diligence in inventory management and menu design and pricing.

## Food & Beverage as % of Revenue:

Target 12-Month % Rate – 40% Optimal 12-Month % Rate – 35% Actual January '25 % Rate – 42%

Gross Wages as % of net sales was 44.6% in the month of January, compared to 36.7% prior year, an increase of 21.5%. This is unacceptable in relation to the improvement in net sales, and we will look to improve efficiency, avoid overtime, and review proper scheduling per projected sales.

## **Gross Wages as % of Revenue:**

Target 12-Month % Rate – 35%
Optimal 12-Month % Rate – 30%
Actual January '25 % Rate – 45%

Revenue projections and controlling cost will be our focus for calendar year 2025 with emphasis on reduction in wages and payroll related expenses and food and beverage cost. Review of restructuring the kitchen schematic and hiring energetic, experienced personnel will contribute to our stated goals. Again, oversight of efficiencies, inventory management, and controlling labor costs are top priority with continuing to providing a quality product and service to the residents of RiverTown.

Furniture options are being reviewed currently with the emphasis on booth upholstery replacement and bar stools. Major refurbishment will be presented for the FY 2026 budget.

Hiring continues for the upcoming season through Labor Day, and we hope to land a couple of qualified candidates.

## Work Details

Specialist
Comments to
Customer

All ponds were inspected and accessible trash removed. Herbicides were applied to shorelines for management of invasive and nuisance vegetation.

Aquatic herbicide was used to treat excessive submersed vegetation on perimeters of pond KK.

An algaecide/biocatalyst mix was used to treat some light algae in RC2.

Probiotics were added to ponds NN & 9 to help reduce nutrients contributing to growth.

I just applied a slow-acting herbicide for the persistent slender spikerush in pond NN last visit. I want to give it more time to be effective as it does have a tendency to take awhile, but lasts longer. I'll continue to monitor and treat accordingly.

There are a lot of midge flying around the ponds. Let us know if you'd like more fish stocking to help control them.

I did notice some healthy bass, various fishing birds, and a bald eagle today.

The emergent vegetation is starting up again as it warms up, but we're getting on top of it.

Overall, the ponds are looking good!

Thank you for being a Solitude customer!

The following is a summary of the discussions and actions taken at the February 19, 2025 meeting.

#### FIRST ORDER OF BUSINESS Roll Call

Ms. Gentry responded that Mattamy's counsel has advised that Mattamy is handling the matter internally and does not want to comment publicly on pending legal matters.

# THIRD ORDER OF BUSINESS Staff Reports

# A. Landscape Maintenance – Monthly Report

Mr. Scuncio provided an overview of Yellowstone's monthly landscape maintenance report, a copy of which was included in the agenda package.

Mr. Smith stated that because it takes so long to mulch the entire community, by the time the mulching is complete, the areas that were applied first already look like they need to be done again. He suggested being more strategic with areas and putting a plan in place to speed the process up.

# **B.** District Engineer

Ms. WeMett asked for an update on the request to install stop signs in front of Watersong on the golf cart path.

Mr. Stilwell responded that he and the Vesta staff are working on creating an updated map to provide to the county. They have observed golf carts being driven on paths not meant for golf carts.

## D. District Manager

There being nothing to report, the next item followed.

## E. General Manager - Monthly Operations and Pond Reports

### SIXTH ORDER OF BUSINESS

Consideration of Proposals for a Capital Reserve Study

- A. Community Advisors
- **B.** Custom Reserves
- C. Dreux Isaac
- D. Reserve Advisors

Mr. deNagy stated that a capital reserve study is an independent, third-party's analysis of the District's infrastructure. The vendor selected will determine the replacement value cost of all of the infrastructure and provide the anticipated life cycle with the expected inflated value at the end of that life cycle in order to provide the District with an estimate of the savings that would be needed in the future. The cost of the proposals ranges from \$3,900 to \$8,400.

Mr. Smith asked about the experience with Community Advisors at Rivers Edge I.

Mr. Davidson stated that he worked with Charlie Sheppard from Community Advisors on reviewing the entire property for the Rivers Edge I reserve study, so he is already familiar with the property.

On MOTION by Mr. Smith seconded by Ms. WeMett with all in favor the proposal from Community Advisors was approved.

#### SEVENTH ORDER OF BUSINESS

### NINTH ORDER OF BUSINESS

**Audience Comments** 

An attendee commended Ms. McCormick and the Vesta team on the improvements to the RiverClub operations. He asked what the café's margins look like.

Mr. deNagy stated that there is profit/loss share with Mattamy. The goal is for the RiverClub to be self-sufficient.

Next, the attendee asked if there will be a path to the soccer fields.

Mr. Smith that there will not.

Next, the attendee asked how much the community may need to pay in attorney fees to provide legal counsel for the trademark matter.

Ms. Gentry responded that currently the CDDs are not involved in the trademark matter because Mattamy, as a private entity, has the interest in the existing RiverTown trademark, so they are handling all the legal side.

An attendee asked if Mattamy receives the revenues generated from the café.

Mr. deNagy responded if there is a certain profit level, yes.

The attendee then asked what happens if there is a loss.

Ms. Gentry responded that Mattamy has been deficit funding the café.

An attendee asked if an expansion of the café kitchen is going to be considered.

Mr. Smith responded that Mattamy has no plans to expand the kitchen currently.

The attendee then asked when Mattamy's participation in CDD2 will end.

Ms. Gentry stated that two seats on the board have already been turned over to residents. During the next general election cycle in 2026, two more seats will turn over to residents, and then in 2028, the last seat on the board will be turned over to a resident.

Next, the attendee echoed the compliments on the café.

The following is a summary of the discussions taken at the February 19, 2025 joint workshop.

FIRST ORDER OF BUSINESS Roll Call

Mr. deNagy called the meeting to order and called the roll.

# SECOND ORDER OF BUSINESS Audience Comments

A resident stated we hope to extend the repairs so the community and swim team can enjoy the pools. If there is any way to put this off, we would be so grateful. The swim team uses the pool from mid-April to mid-July.

There was a show of hands from residents who had the same comments.

A resident requested that the pool be open the entire summer and to not close it until after Labor Day.

Ms. Gentry stated some of the delay is because we had to go through a formal RFP due to the cost of the contract and that takes longer.

Mr. McKendree gave an overview of the problems that were experienced that needed to be addressed.

A resident asked about the scope of work and who drives the type of repair, the contractors or the board?

Ms. Gentry stated it is public comment period. This board has been very generous with allowing it to be kind of a Q&A session and we want everyone to have as much information as possible. Vesta put together a very detailed scope that each bidder is supposed to bid on, a price sheet they were required to fill out for each component to try to get apples to apples pricing. As far as the schedule we told all the vendors that time was of the essence and asked for their earliest possible start date and their time to completion. Our contract that is included in the package also included liquidated damages up to \$150 per day if they exceed the contract time. We have evaluation criteria we will use to evaluate the bids. The two highest priority items with the most points attached are price and schedule.

Additional questions and comments were on phasing, type of pavers, health issues, proper training of lifeguards and signage may mitigate health code violations and tripping hazards, appreciation of staff and board members

# THIRD ORDER OF BUSINESS Discussion on Pool Repair Bids

Ms. Gentry stated before we open it up for presentations I will give a short summary. We did receive four bids, Crown Pools, EMA Outdoor, Epic Pools and Parry Pools. For the base bid

Crown Pools came in at \$798,412.92. EMA Outdoor came in at \$825,376 and I will note that pricing did not include the diving boards. Epic Pools came in at \$824,000 on the detailed pricing it looks like it comes out a little bit higher and we will ask for clarification and the pricing did not include a line item for the payment and performance bonds. Parry Pools provided two different pricing and did not provide a detailed bid sheet so going with their highest pricing we have \$755,932.88. For schedule Crown Pools gave the earliest start date of April 14, 2025 with final completion in 78 days. Based on our calculation that gives them earliest final completion date by July 1st and I will clarify for the board we have to score based on schedules provided but we have the ability once we score them to go back to your chosen vendor and see what opportunities there are for negotiating a start date. EMA Outdoor gave the earliest start date of March 24, 2025 with a final completion in 150 days, by our calculations that gives an August 21st completion date. Epic Pools listed the start date of upon receipt of the permit so that depends on the permit timing and listed a final completion timeline of 120 days. Parry Pools gave a start date of Mach 3, 2025 with final completion in 140 days which by our calculation gives a July 21st completion date.

We will go through all of this again when we get to the scoring portion. Our bid documents allow you to waive minor irregularities in the bids.

Representatives of Crown Pools, EMA and Epic Pools gave a short presentation followed by a Q&A from the board and staff.

Ms. WeMett stated after reviewing the proposals and listening to the presentations, I recommend Crown.

Ms. Gentry stated the Rivers Edge board will have an opportunity to go into more detail on this scoring criteria when we go into the regular meeting.

The workshop adjourned at 12:35 p.m.

Customer agrees that recovery for all such injuries, losses, and damages shall be limited to this insurance coverage only and that it will look exclusively to its insurer(s) to recover for any such injuries, losses, and damages. CUSTOMER AGREES TO SHIFT THE RISK OF LOSS TO ITS INSURERS, WHICH HAVE EXPRESSLY CONTRACTED TO ACCEPT THE RISK OF LOSS TO CUSTOMER'S PROPERTY. CUSTOMER RELEASES AND AGREES TO INDEMNIFY AND HOLD HARMLESS CINTAS FROM AND AGAINST ALL COSTS, EXPENSES (INCLUDING REASONABLE ATTORNEY'S FEES), AND LIABILITY ARISING FROM CLAIMS REQUIRED TO BE COVERED BY INSURANCE PURSUANT TO THIS SECTION, INCLUDING ANY CLAIMS FOR DAMAGES ATTRIBUTABLE TO PUBLIC LIABILITY, BODILY INJURY, SICKNESS, OR DEATH, OR THE DESTRUCTION OF ANY REAL OR PERSONAL PROPERTY. CUSTOMER AGREES TO INDEMNIFY CINTAS AGAINST ANY AND ALL SUCH CLAIMS, INCLUDING CLAIMS OF THIRD PARTIES, THAT MAY ARISE THAT ARE RELATED TO THE AGREEMENT OR THE PROVISION OF THE SERVICES IN ANY WAY THAT MAY ARISE DUE TO CUSTOMER'S BREACH OF THESE OBLIGATIONS. CUSTOMER AGREES TO AND WARRANTS THAT IT WILL NOTIFY ITS INSURER(S) OF THIS RELEASE AND WAIVER.

17. RELEASE AND INDEMNIFICATION OF CINTAS BY CUSTOMER, CUSTOMER RELEASES AND AGREES TO DEFEND, INDEMNIFY, AND HOLD HARMLESS CINTAS AND ANY/ALL OF ITS SUBCONTRACTORS, AGENTS, OFFICERS, EMPLOYEES, OR OTHER REPRESENTATIVES OF ANY TYPE FROM LIABILITY FOR ANY AND ALL LOSS, DAMAGE, OR EXPENSE OF ANY KIND OR TYPE, UNDER ANY LEGAL, EQUITABLE OR OTHER THEORY.THAT MAY OCCUR PRIOR TO, CONTEMPORANEOUSLY WITH, OR AFTER THE EXECUTION OF THIS AGREEMENT RELATED IN ANY WAY TO THE SUBJECT MATTER OF THIS AGREEMENT ON PERFORMANCE UNDER THE AGREEMENT, INCLUDING (BUT NOT LIMITED TO) THE IMPROPER OPERATION OR NON-OPERATION OF THE FIRE SUPPRESSION, ALARM, OR OTHER SYSTEM(S). Customer further acknowledges and agrees that Cintas cannot predict the potential amount, extent, or severity of any damages or injuries that Customer or others amount, extent, or severity of any damages of injuries that customer of others may incur due to the failure of the system or services to work as intended. IF CINTAS OR ITS REPRESENTATIVES ARE HELD LIABLE FOR ANY REASON FOR ANY LOSS, INJURY, OR DAMAGES OF ANY KIND THAT ARISES OUT OF, RESULTS FROM, OR IS RELATED TO THIS AGREEMENT (INCLUDING, WITHOUT LIMITATION, LOSSES, INJURIES OR DAMAGES RESULTING FROM CINTAS'S SOLE OR PARTIAL NEGLIGENCE, WHETHER ACTIVE OF PASSIVE), CUSTOMER AGREES AND WARRANTS THAT CINTAS'S AND ITS REPRESENTATIVE'S COLLECTIVE LIABILITY TO CUSTOMER, ITS AGENTS, OFFICERS, DIRECTORS, EMPLOYEES, INVITEES, AND ANY THIRD PARTY SHALL BE LIMITED EXCLUSIVELY TO \$1,000. If Customer wishes to increase the limitation of liability, Cintas and Customer may negotiate a supplemental written agreement to increase the limit of Cintas's liability, but no such agreed upon increase to the limit of Cintas's liability shall be interpreted to find Cintas or its subcontractors or representatives to be insurers. To: Todd Polvere tpolvere@gmsnf.com

Good afternoon Todd,

Please process a check in the amount of \$10 for Donna WeMett's Florida Department of State commission fee. Please include her name and "commission fee" in the memo line of the check so they know who to apply it to. The check should be made payable to Department of State.

I think it would also help to include a copy of this email in the envelope, as well as a copy of the attached oath of office in the envelope with the check, as the original oath of office is being sent to the State separately.

Please mail the check to the following address:

Division of Elections R.A. Gray Building, Room 316 500 South Bronough Street Tallahassee, FL 32399

# \*\*\* An Important Message Concerning Your Termite Guarantee Renewal \*\*\*

Termites feed 24 hours a day, 365 days a year. Every year, termites invade millions of homes, causing **billions** of dollars in damage. The startling fact is termites do more damage than fires and storms combined. And, the damage caused by termites is rarely covered by insurance.

That's why it is important to renew your termite agreement every year and keep your guarantee in place so we can continue to protect your home. It's easy. Simply mail your payment or pay online at www.naderspestraiders.com, then give us a call so we can schedule your annual inspection.

If you are a new homeowner, please call your local office to update your account information and schedule your inspection to complete the warranty transfer process. This termite guarantee transfers to you at no additional cost.

Thank you for giving us the opportunity to go Beyond the Call.
