Specific Audit Approach

AUDIT APPROACH

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations. Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State of Local regulations. We will deliver our reports in accordance with your requirements.

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- » Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements;
- » Read minutes of meetings;
- » Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems;
- » Obtain an understanding of fraud detection and prevention systems;
- » Obtain and document an understanding of internal control, including knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation;
- Assess risk and determine what controls we are to rely upon and what tests we are going to perform and perform test of controls;
- » Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives;
- » Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II - Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- » Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions:
- » Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures; and
- » Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- » Perform final analytical procedures;
- » Review information and make inquiries for subsequent events; and
- » Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

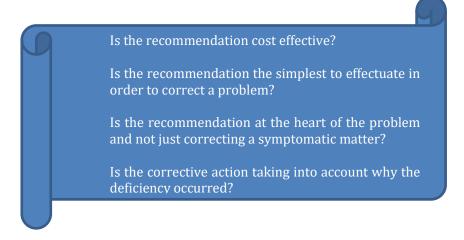

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- » Significant audit adjustments:
- » Significant deficiencies or material weaknesses;
- » Disagreements with management; and
- » Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no "surprises" in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis.

Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

Cost of Services

Our proposed all-inclusive fees for the financial audit for the fiscal years ended September 30, 2025-2029 are as follows:

Year Ended September 30,	Fee
2025	\$6,600
2026	\$6,700
2027	\$6,800
2028	\$6,900
2029	<u>\$7,000</u>
TOTAL (2025-2029)	<u>\$34,000</u>

The above fees are based on the assumption that the District maintains its current level of operations. Should conditions change or Bonds are issued the fees would be adjusted accordingly upon approval from all parties concerned.

Landscape Update for November 2025

General Maintenance

- We have detailed and cleaned up the RiverHouse and RiverClub. Next week the team will start the grass cutback depending on the muhly blooming.
- o Team is spraying for weeds throughout the community and trimming shrubs.
- o Teams are working on full maintenance every week.
- o We will ensure that all tree suckers are removed from the base of the trees.
- o Team has been spraying all mulch beds for clean appearance.
- We are removing as much Moss from trees as we get to each section.
- Teams have removed numerous trees and limbs that have fallen at no charge.
 Larger trees will be proposed for removal by the arbor team.
- Mattamy, Vesta, and Yellowstone are doing monthly drives throughout the community to check on the status of concerned areas and the overall appearance of the community.
- Winter flowers will be installed on the second week of December along with fresh and rich soil. We raised the beds for a better show.
 - The low beds have caused the flowers in the past to decline prematurely and not show off as intended.
 - This is caused by the flowers staying too saturated which causes the roots to rot.
- Proper mowing heights for each type of turf will be achieved throughout the winter and early spring months.
 - Because of this you will see scalping occasionally until the proper height is achieved.
 - Ex. If you want to maintain a height of 4in you need to drop the level of the existing canopy of the turf to between 3.5-3.75 so

that the new green growth is what is showing after each mowing occurrence moving forward.

• Irrigation

- Techs have been running through the system and making repairs as we go.
- o All clocks are set to run 3 times a week due to the amount of rain we have had
- Lead tech is working with an IQ system to help the system run more efficiently.
- o We are setting five-day rain delays when we have rain
- Other options are being looked at to make the system more efficient and save on the annual water cost.
 - Items being looked at:
 - Eliminating bubblers on established trees that do not need them anymore
 - Making sure all rain sensors are operational
 - Adding rain sensors to battery operated valves
 - Each area will be different depending on layout and justification of cost.
 - Some will be looked at to be added to a clock with wiring.
 - Others will be looked at for rain sensor installation and hidden by plant material if required.

• Fert/Chem

- Our techs will be treating turf weeds throughout the community.
- Teams are spreading granular fertilizer to green up turf and push healthy growth
- Lead tech is Treating roses with bone meal and liquid fertilizer.

• Arbor

 We will continue to lift low hanging trees throughout community each week for line of site issues, safety issues, aesthetics, and improved tree health with balanced weight distribution from the branches.

Standard Terms & Conditions

- 1. **General Provisions.** These Standard Terms & Conditions ("ST&C"), together with the accompanying proposal, constitute the full and complete Agreement between PRIME AE Group, Inc. ("PRIME AE") and the entity or person to whom the proposal is addressed ("Client") to perform the base services as outlined in the proposal ("Services"). Any services excluded from the proposal shall not be part of the Services unless added per Section 2 of this Agreement. The Client acknowledges receipt of and accepts these ST&C by receiving the proposal. Client agrees that these ST&C shall supersede any Client terms and conditions whenever signed by PRIME AE unless the Client provides written notice to PRIME AE's authorized representative within five days of the proposal date explicitly rejecting these ST&C. Any purported changes or modifications to these ST&C shall be null and void unless they are initialed and dated adjacent to the purported change or modification by an authorized PRIME AE representative. The Client agrees that upon its authorization to proceed to PRIME AE, these ST&C shall supersede any subsequent Client terms and conditions signed by PRIME AE. PRIME AE and Client may be referred to collectively herein as "the Parties," and any of them may be called "a Party." The technical and pricing information in the proposal is confidential and proprietary property of PRIME AE. It shall not be disclosed or made available to third parties without the prior express written consent of PRIME AE. Unless otherwise specified in the proposal, the proposal fees and schedule constitute PRIME AE's best estimate of the charges and time required to complete the project. As the project progresses, site conditions, changes in the law, or other unknown facts or events may necessitate revisions in scope and fee. PRIME AE will inform the Client of such situations so that proposal revisions can be accomplished. The parties agree to negotiate such revisions in good faith in accordance with Section 2 of this Agreement.
- **2. Modification or Amendment to this Agreement.** Additional services may be undertaken at PRIME AE's sole discretion. This Agreement may only be changed, amended, supplemented, superseded, or waived if both parties specifically agree in writing to such amendment before the effective date.
- **3. Independent Contractor.** PRIME AE is an independent contractor, and nothing in this Agreement shall be construed to create a partnership, joint venture, or establish an employer/employee or principal/agent relationship between PRIME AE and Client or its subcontractors or consultants. Client agrees that PRIME AE has been engaged to provide professional services only, and that PRIME AE does not owe a fiduciary duty or responsibility to Client. There are no intended third-party beneficiaries to this Agreement.
- 4. Standard of Care. PRIME AE's Services will be performed in accordance with generally accepted practices and ordinary skill and care of architects, engineers, scientists, and/or technical professionals providing similar services at the same time, in the same locale, and under like circumstances ("Standard of Care"). Nothing in this Agreement, the Client's terms and conditions or any other document will require a level of performance higher than this Standard of Care. No other warranty of any kind (including but not limited to fit for purpose and free from defect type warranties), whether express or implied, at common law or created by statute, is extended, made, or intended by the performance of PRIME AE's Services under the Agreement for this project.
- **5. Invoicing and Payment**. PRIME AE fees are quoted for the present calendar year of the proposal and will be subject to escalation on January 1st each year thereafter as determined by PRIME AE in its sole discretion. The Client shall pay PRIME AE according to the rates and charges outlined in the proposal. Invoices are net cash, due and payable upon receipt, but no later than thirty (30) days from the invoice date. Full payment of all invoices will be due before the release of any Work Product. Payment shall not be subject to any withholding or retention except for disputed fees. In writing, the Client shall notify PRIME AE of any disputed fees within seven (7) days from the invoice date, give reasons for the objection, and promptly pay the undisputed fees. If the Client fails to make any payment due to PRIME AE for Services and expenses within thirty (30) days after receipt of PRIME AE's invoice, the fees due PRIME AE will be increased at the rate of 1.5% per month from said thirtieth day. In addition, PRIME AE may suspend Services under this Agreement upon written notice to Client for any breach of this Agreement, including nonpayment of PRIME AE's fees. In the event of a suspension of Services, PRIME AE shall have no liability or responsibility to the Client for delay or damage caused to the Client because of such suspension of Services. Upon suspension, Client shall pay all undisputed fees before PRIME AE continues any performance of Services or delivery of any deliverables. The Client shall pay PRIME AE any fees or expenditures incurred to suspend and restart Services. If PRIME AE employs the services of any attorney or collection agency to collect any sums due hereunder

or to enforce any terms contained herein. In that case, Client agrees to pay PRIME AE for its staff time to collect payment, collection agency fees, reasonable attorney's fees, and court costs incurred by PRIME AE to collect outstanding fees.

- **6. Client Scope Changes and Delays.** Singular or aggregate Client scope changes in the design or Client delays to the design may result in additional fees and schedule relief. The Client agrees that changes and modifications to the design after thirty percent (30%) design completion may result in additional fees and schedule relief. Any fee and schedule changes shall be made per Section 2 of this Agreement.
- **7. Right of Entry**. The Client shall be responsible for obtaining all legal right-of-entry and associated costs on properties required by the project.
- **8. Reliance**. PRIME AE shall be entitled to rely, without limitation or liability, on the accuracy and completeness of any and all information provided by Client, Client's employees, representatives, agents, independent contractors, construction managers, consultants and contractors, and information from public records, without the need for PRIME AE's independent verification unless required by the Standard of Care. Client agrees to indemnify, defend, and hold harmless PRIME AE to the fullest extent permitted by law for any claims, losses, or damages allegedly suffered by PRIME AE or others due to PRIME AE's reliance on such information contemplated under this Section.
- **9. Regulatory Permits**. PRIME AE does not represent or guarantee that any permit or approval will be issued by any governmental body, given the complexity and frequent changes in applicable rules, regulations, and interpretations by authorities. The fees and corresponding scope of Services have been formulated based upon existing regulatory codes, ordinances, and procedures known to PRIME AE on the date of proposal preparation. If subsequent regulatory changes require revisions to Services completed or an increased level of effort, compensation for these additional services shall be provided in accordance with Section 2 herein. This Agreement does not include application fees required by any regulatory agency. We ask that the Client furnish the appropriate fee when applications are submitted. Permits may contain a requirement for public noticing. Any publishing and associated fees shall be the responsibility of the permittee (Client). Permits may be conditioned upon the Engineer of Record inspection and certification of construction. If such a condition is imposed, progress and final inspections must be provided by PRIME AE. Compensation for this additional work shall be provided by Section 2 herein.
- **10. Insurance**. PRIME AE will maintain workers' compensation insurance as required under the state's laws in which the Services will be performed. PRIME AE agrees to provide at its own expense, Comprehensive General Liability insurance with a combined single limit of \$1,000,000 per occurrence and \$2,000,000 in the aggregate; Professional Liability insurance for \$1,000,000 per claim and \$2,000,000 in the aggregate covering negligent performance of Services; Automobile Liability insurance with a combined single of \$1,000,000 per occurrence; and will, upon request, furnish certificates of insurance to Client reflecting PRIME AE's standard coverages and providing thirty (30) days prior written notice in the event of cancellation in coverage.
- 11. Confidentiality. PRIME AE will hold confidential all business and technical information obtained from Client or generated in performing Services under this Agreement, except to the extent required for: (1) performance of Services under this Agreement; (2) compliance with professional standards of conduct; (3) the preservation of the public safety, health, and welfare; (4) compliance with any court order, statute, law, or governmental directive; and/or (5) protection of PRIME AE against claims or liabilities arising from the performance of Services under this Agreement. PRIME AE's obligations hereunder shall not apply to information in the public domain or lawfully obtained on a non-confidential basis from others.
- 12. Work Product. Upon Client's payment of all fees due and owing PRIME AE, ownership of PRIME AE's final deliverables, drawings, specifications and other documents and electronic data furnished by PRIME AE under this Agreement ("Work Product") shall pass to Client subject to the following limitations: Client acknowledges and agrees that: (i) PRIME AE's Work Product is not intended or represented to be suitable for use on the Project unless completed and signed by PRIME AE's authorized representative; (ii) Work Product marked with words such as not for construction, permitting plans, or marked with any similar statement is not suitable for construction and Client may not rely on this Work Product for construction purposes and does so at its own risk; (iii) regardless of any state

Standard Terms & Conditions

or local law or regulation, Client agrees that PRIME AE shall no longer be the Engineer or Architect of Record, and shall have no liability whatsoever, for PRIME AE's Work Product, obtained without PRIME AE's permission, from any public record, or by the Client in accordance with this section, provided to a third party for use on the Project or any other project; (iv) PRIME AE's Work Product is not intended for use or reuse by Client or others for additions or alterations to the Project or any other project without prior written authorization (including completion, verification and adaption) by PRIME AE; (v) any such use, reuse or modification of PRIME AE's Work Product will be at Client's and others sole risk and without liability or legal exposure to PRIME AE; (vi) Client shall indemnify, defend and hold harmless PRIME AE and its owners and employees from all claims, damages, losses and expenses, including attorneys' fees, arising out of or resulting from any such use, reuse or modification of PRIME AE's Work Product; and (vii) Client shall grant to PRIME AE an irrevocable, perpetual, fully paid-up right and license to use, exploit, manufacture, distribute, copy, adapt and display the Work Product, including any enhancements thereof. Any opinions rendered by PRIME AE pursuant to this Agreement or in Work Product are for the sole and exclusive use of Client, and are not intended for the use of, or reliance upon, by any third parties without the prior written approval of PRIME AE.

- **13. Termination of Services and Agreement**. Either Party may terminate this Agreement upon ten (10) days' written notice to the other Party. Whether Client or PRIME AE terminates this Agreement, the Client agrees to compensate PRIME AE for all Service fees and additional services agreed hereunder, performed, and commitments made before the termination, together with reimbursable expenses, including those of subcontractors, subconsultants, and vendors.
- **14. Indemnification**. Subjection to Section 19 of this Agreement, PRIME AE shall indemnify and hold the Client harmless from any loss or damage to the proportionate extent caused by PRIME AE's negligent performance of services under this Agreement. The Client shall indemnify and hold PRIME AE harmless from any loss or damage caused by the Client's acts or omissions.
- **15. Mutual Waiver of Consequential Damages**. In no event shall either Party be liable to the other, whether in contract, tort, or any other cause whatsoever, for any consequential, liquidated damages, special, incidental, indirect, punitive, or exemplary damages, and the Parties release each other from any such liability.
- 16. Design Services During Construction (DSDC). If PRIME AE provides DSDC during the construction phase of the project, it is understood that the purpose of such Services, including project site visits, will be to determine, in general, if construction is proceeding in a manner indicating that the completed work of others will generally conform to the contract documents. PRIME AE shall not, during such visits or as a result of observations of construction, supervise, direct, or have control over others' work nor shall PRIME AE have authority over, or responsibility for, the means, methods, sequences or procedures of construction selected by others or safety precautions and programs incidental to the work of others or for any failure of others to comply with laws, rules, regulations, ordinances, codes or orders applicable to others furnishing and performing their work. PRIME AE does not guarantee the performance of the construction work or contract by others and does not assume responsibility for others' failure to furnish and perform their work. If PRIME AE's DSDC includes shop drawing review or requests for information as outlined in PRIME AE's Services, PRIME AE will review (or take other appropriate action concerning) shop drawings, samples, and other data which PRIME AE's Services require PRIME AE to review, but only for conformance with PRIME AE's design concept of the project and compliance with the information outlined in contract documents. Such review or other actions shall not extend to means, methods, techniques, sequences, or procedures of manufacture (including the design of manufactured products), construction, or safety precautions and programs incident thereto. PRIME AE's review or other actions shall not constitute approval of construction, an assembly or product of which an item is a component, nor shall it relieve others of (a) their obligations regarding review and approval of any such submittals, and (b) their exclusive responsibility for the means, methods, sequences and procedures of constructions, including safety of construction. If DSDC is not included in the Services, and the Client requests DSDC from PRIME AE, Client and PRIME AE shall execute a written amendment per Section 2 of this Agreement.
- **17. Certifications**. PRIME AE shall not be required to sign any documents, no matter by whom requested, including for the Client to obtain financing, that would result in PRIME AE's having to exceed the Standard of Care, or provide

certification, a guarantee, or a warranty that a contractor or third party's work on the project conforms to the contract documents, or agree to terms that conflict with these ST&C.

- 18. Opinion of Possible Costs. When required as part of its scope of Services outlined in its proposal, PRIME AE will furnish opinions of probable cost, but does not guarantee the accuracy of such estimates. Opinions of possible cost, financial evaluations, feasibility studies, economic analyses of alternate solutions, and utilitarian considerations of operations and maintenance costs prepared by PRIME AE hereunder will be made based on PRIME AE's experience and qualifications. They will represent PRIME AE's judgment per the Standard of Care. Except to the extent directly caused by a breach of the Standard of Care, PRIME AE is not responsible for and has no liability for quantity variances. The Client will not seek reimbursement from PRIME AE for costs arising from or related to such variances. Client acknowledges and agrees that: (i) the interim Work Product prepared and delivered by PRIME AE for the project are preliminary, not fully detailed, subject to change, and not ready for construction; (ii) Client is responsible for pricing assumptions and quantity take-offs; and (iii) PRIME AE does not guarantee or warrant that its designs can be constructed within a lump sum price, GMP, contract budget, or other estimated or bid value.
- **19. Risk Allocations**. Client and PRIME AE have discussed the project's risks, rewards, anticipated outcome, and an estimated total fee for PRIME AE's scope of Services and fully agree to the following risk allocations. To the fullest extent permitted by law, PRIME AE's total liability to Client (including anyone claiming by or through Client) for damages of any nature shall not exceed, in the aggregate, fifty thousand dollars, whether in contract, tort, or any other cause.
- **20. Force Majeure**. If either party is prevented, hindered, or delayed in performing any of its obligations hereunder because of a Force Majeure occurrence, such party shall notify the other party, in writing, of the occurrence of such an event and the circumstances thereof within five (5) days after the occurrence of such an event. The civil code or common law in the jurisdiction where the project is located shall define Force Majeure. To the extent that a party's performance of its obligations hereunder is prevented, hindered or delayed by an event of Force Majeure and to the extent that notice has been given to the other party, such party shall be excused as of the date of occurrence of the event of Force Majeure from the performance or punctual performance of its obligations hereunder for so long as the relevant event of Force Majeure continues.
- **21. Certificate of Merit**: Client shall make no claim (whether directly or in the form of a third-party claim) against PRIME AE unless Client shall have first provided PRIME AE with a written certification executed by an independent engineer licensed in the jurisdiction in which the Project is located, reasonably specifying each and every act or omission which the certifier contends constitutes a violation of the Standard of Care. Such a certificate shall be a precondition to the institution of any judicial proceeding and shall be provided to PRIME AE thirty (30) days before the institution of such judicial proceedings.
- 22. Dispute Resolution. If a dispute arises out of this Agreement or a breach thereof, the parties will attempt in good faith to resolve the dispute through negotiation. If the dispute is not resolved by negotiation, before initiating legal proceedings, Client and PRIME AE agree to submit to non-binding mediation with a mutually agreed upon mediator. The parties agree that they will share equally in their costs, and neither party will commence a civil action until after the completion of the initial mediation session. This provision shall survive completion or termination of this Agreement; however, neither party shall seek mediation of any claim or dispute arising out of this Agreement beyond the period that would bar the initiation of legal proceedings to litigate such claim or dispute under the applicable law. The Client agrees that any claim against PRIME AE shall be brought within one (1) year from the date of PRIME AE's final invoice, regardless of any applicable statute of repose or statute of limitation.
- **23. Precedence**. These ST&C shall take precedence over and supersede any Client counterproposal, contract, purchase order, requisition, notice to proceed, or similar or like document.
- **24. Severability**. If any of these ST&C are finally determined to be invalid or unenforceable in whole or in part, the remaining provisions shall remain in full force and effect and be binding upon the parties. The parties agree to reform these ST&C to replace any such invalid or unenforceable provision with a valid and enforceable provision that comes as close as possible to the intention of the stricken provision.

Standard Terms & Conditions

- **25. Survival**. These ST&C shall survive the completion of PRIME AE's Services on the project, the suspension or termination of Services for any cause, and shall remain in full force and effect until PRIME AE is paid in full for all fees due hereunder.
- **26. Governing Law.** This Agreement will be governed by and construed in accordance with the substantive laws of the State of Florida, without regard to conflict of laws. All disputes arising under or relating to this Agreement shall be brought and resolved solely and exclusively in the State Court located in Florida. If Client commences any legal action in connection with this Agreement, and PRIME AE prevails in such action, PRIME AE shall be entitled to recover, in addition to court costs, the amount of its attorneys' fees arising out of or related to the legal action, including consultant and expert's fees.
- **27. Assignment**. This Agreement is not assignable by Client to any third party without the express prior written consent of PRIME AE. PRIME AE may assign this contract to any affiliate, subsidiary, or, in case of an acquisition or merger, the buyer.
- **28. No Al Training.** The client may not use PRIME AE's Work Product, related documents, or data to train any artificial intelligence, machine learning, large language models, or other similar networks, algorithms, or systems.
- **29. No Individual Liability**. PURSUANT TO SECTION 558.0035 FLORIDA STATUTES, AN INDIVIDUAL EMPLOYEE OF PRIME AE GROUP, INC. MAY NOT BE HELD INDIVIDUALLY LIABLE FOR NEGLIGENCE FOR ANY CLAIMS, DAMAGES, OR DISPUTES ARISING OUT OF AND SUBJECT TO THIS CONTRACT.
- **30.** Construction Means, Methods, and Safety. PRIME AE is not responsible for selecting, supervising, directing, controlling, or otherwise being in charge of the construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs, or for the failure of Client, its contractor, engineers, architect, subcontractors, or other materialmen or service providers not engaged by PRIME AE to perform and complete construction of the project per the contract documents.
- **31. Compliance with Laws**. In the event that standards of practice or legal requirements change during the project, PRIME shall promptly notify the Client of such changes and any additional costs that this may create, both in the Project cost itself and the compensation due to PRIME AE.
- **32. Headings**. Section or paragraph headings included herein are for convenience of reference only and shall not modify, define, expand, or limit any of the terms or provisions hereof.

RECDD I

Filter Equipment for RiverHouse Pools:

The sand filters for both pools need repair. The sand needs to be changed out. When performing a change out there will need to be internal parts changed as they will be broken due to their age. Unfortunately, the manufacturer of these filters went out of business years ago and the parts are not available. This will make the filters have to be replaced. The slab cracking issues are band aided as well, and the slabs need to be removed and built properly up to current codes. This was approved as a change order to the current remodel project which began on 9/22. Filters are on order.

RiverHouse Pool:

Crown Pools has ordered the pavers, and the project has been ordered to start right after Labor Day per the board's direction. Pavers arrived on April 28th and are stored on site. Construction began 9/21. As of now the pool deck has been completely removed and new pavers are installed on the upper deck and grill cabana. Palm trees have been removed; water has been drained and chip out of the old marcite has begun. Border tiles are currently being installed.

Pothole on Footbridge alleyway:

There is a large pothole that formed on one of alleyways off Footbridge in the Gardens neighborhood. We got with the District Engineer to investigate the root cause of the pothole, and it was determined to have not been caused by an underlying water or drainage issue. We cold-patched the area for now until we can get it properly repaired. Duval Asphalt addressed this pothole properly for the time being until other work is decided on. This was approved to be completed by Burnham Construction in April's meeting, and we will coordinate through the District Engineer to get it completed. This was approved as a cost share item in September's meeting so we can now proceed forward. Work began the week of 11/10.

Fencing around Rivertown BLVD:

The perimeter fence that surrounds Rivertown BLVD and connects onto Kendall Crossing is rotting. We have replaced boards that fall off, and it needs painting at least. Our suggestion would be to replace this with Vinyl fencing rather than invest in painting it. We will gather quotes for budgeting purposes for this.

Riverhouse Rental Side Broken Window:

An exterior pane of a window was shattered on the rental side of the RiverHouse over the weekend of 6/21. These windows are made by Pella and cannot be worked on by other glass companies, so we are working through Pella directly to fix. Yellowstone will be paying the bill for this repair. Product has been ordered.

Arbors Play Park Turf:

The arbors play park holds water badly due to the amount of clay in the soil. This makes growing turf a challenge as the ground never dries out, even though we shut off the irrigation back in April. We plan on remediating the area soon. This remediation includes aerating and soil amendments along with adding some sod in areas that are beyond repair. This is now complete, and we are monitoring for improvements.

Fountain behind model homes:

The fountain behind the model homes is inoperable but still under warranty. We are working with our pond provider to get this fixed through the manufacturer. This is now complete.

Small Founta in front of Welcome Center:

The motor in the small fountain in this pond has burnt up and a replacement fountain is required. This fountain provides little aesthetic appeal, and the aeration is not effective in controlling the algae. I would recommend that we do not replace it and remove the unit entirely.

Painting of RiverHouse:

The RiverHouse needs painting both interior and exterior. We are gathering quotes to present to the board in October. This is a planned capital reserve project. This was approved and we are working on scheduling. We expect this to take months as there are many parts to it that we must work around i.e rentals and the ongoing pool project.

Sternwheel Park:

We have been working on cleaning up Sternwheel playpark. This includes replacing rotted wood on the mailbox pavilion and repainting it entirely and new park benches as the old ones were rusted through.

Crosswalk Signs:

One of the signs that alert pedestrian traffic is inoperable at the roundabout in front of the RiverHouse. The circuit board is bad, and we have ordered a replacement. These come from a company in Canada, so we expect a delay in their arrival.

RiverFront Park Trails:

The asphalt millings path in the park needs a new layer of millings added on top as the old has deteriorated over time and caused some safety issues. This is now complete.

Accidents:

We have had 2 accidents this month. One involved a golf cart and mailbox kiosk behind the old model homes on Whistling Straights, and the other a car collided with a light pole in front of the Groves on Rivertown main. Repairs have begun on these and we are working to obtain police reports to get the repair cost paid back through insurance.

Rental Side Remodel:

We have begun the process of developing a plan and gathering quotes for the remodel of the rental side at the RiverHouse. Chairman Mcintyre is our liaison for this project. We will present this to the board when all the information is gathered.

RECDD II

CDD 2 Golf Cart Path Signage Update:

The signage that was approved in last month's meeting has been ordered. These are custom made to order so our target install date is September 30th. This is now complete.

Keystone Corners turf:

The turf along Keystone Corners has numerous areas that died during the drought this year. During the drought the water pressure in the reclaim system was weakest in this area, leading to its demise. We will be replacing sod in numerous areas along this stretch. This is now complete.

Pirate Ship Playground:

During a playground inspection we discovered some severe rot on the top decking and supporting posts of the pirate ship at the RiverClub. We closed the structure and notified the community. We are working through Kompan on a potential warranty claim.

RECDD 3

Fountain in front of RiverLodge:

The fountain in front of the RiverLodge became non-operational. We are working through warranty to get this fixed. This is now complete.

RiverLodge Gym AC and Pool Equipment:

The air conditioning inside of the Riverlodge gym has been having trouble staying at the setpoint temperature. It was found this week that transformers inside of the unit are fried. Surge protection was approved for these AC units and at the pool equipment panels as well. We have ordered these, and they will be installed immediately upon arrival. This is now complete.

The restaurant celebrated the start of the fall season with lively events, including Music Bingo, Trivia Night, and Friday Night Music. The combination of great entertainment, delicious food, and shared experiences made it an enjoyable time for the residents of RiverTown.

Café sales have consistently increased over time, reflecting steady growth, operational improvement, and strong guest satisfaction. There was noticeable improvement in all areas of operation, including bar service, kitchen efficiency, food delivery, and table service. The upward trend in sales highlights the positive impact of enhanced service standards and the continued focus on delivering high-quality food and beverages. This progress demonstrates the team's commitment to excellence and the café's ongoing success in meeting the expectations of residents and guests.

The Fall Menu has been implemented and the feedback from the residents is very positive. Lisa has done a great job of creating a variety of choices and keeping them engaged on a weekly basis.

The kitchen executed with a combination of efficiency, organization, and a commitment to quality that resulted with excellent food being served throughout September.

NINTH ORDER OF BUSINESS Supervisor Requests

Mr. Reid asked if the street sign on Tarkin is being replaced.

Mr. McKendree responded that it is out for repair currently.

Mr. deNagy asked if the Board would be amenable to holding a joint meeting with the other two Rivers Edge districts to discuss security matters as a resident has expressed concern about the Flock system and there also needs to be a discussion about Giddens. There were no objections from the Board to holding a joint meeting to discuss security.

Mr. Reid stated that it's important when residents show up to address their concerns and he thinks when the residents in the Rivers Edge III meeting expressed their concerns, it would have been a good time to inform them that there was a public meeting held with the Sheriff's Office and a Flock representative and it was all explained.

Mr. Losco stated that the resident is aware that there was a town hall meeting as he contacted the resident, however the resident did not attend the meeting. There have been over 100 emails between staff and the resident regarding his concerns. The resident's contention was that people had access to the information on all of the Rivertown residents and that is not

correct. There is no portal that was started that provides access to anybody's data in the community. Only St. Johns County has the information that is provided to them, and they react accordingly.

NOTICE OF PUBLIC MEARING TO CONSIDER THE ADOPTION OF THE FISCAL YEAR 2025 2026 BUDGET: NOTICE OF PUBLIC HEARING TO CONSIDER THE IMPOSITION 2022 2020 REPORT SOLD WAINTENANCE SPECIAL ASSESSMENTS, ADOPTION OF AN ASSESSMENT ROLL, AND THE LEAV, COLLECTION, AND ENFORCEMENT OF THE SAME, AND NOTICE OF REGULAR BOARD OF SUPERVISORS MEETING.

Upcoming Public Hearings, and Regular Meeting

"The Board of Supervisors ,"Board" for the Rivers Edge 111 Community Development District ("Histrict" will hold the following two public hearings and a regular meeting on:

DATE: August 20, 2025

LOCATION: RiverHouse Amenity Center 156 Landing Street St. Johns, Florida 32259

St. Johns, Florida 32259

The Jiest public hearing is being held pursuant to Chapter 190, Florida Statutos, to receive public comment and objections on the District's proposed budget. Troposed Budget T for the fiscal year beginning October 1, 2025, and ending September 30, 2026 ("Fiscal Year 2025/2026". The second public hearing is being held jursuant to Chapters 190, 197, and or 170, Florida Statutos, to consider the imposition of operations and maintenance special assessments. (O&M Assessments', upon the lands located within the District, to fund the Proposed Budget for Fiscal Year 2025/2026; to consider the adoption of an assessment will; and, to provide for the levy collection, and enforcement assessments. At the emclusion of the hearings, the Board will, by resolution, adopt a budget and levy O&M Assessments as finally approved by the Board. A Board meeting of the District will also be held where the Board may consider any other District business.

Description of Assessments

The District imposes O&M Assessments on benefitted property within the District for the purpose of funding the District's general administrative, operations, and maintenance budget. Pursuant to Section 170.07, Florida Statutes, a description of the services to be funded by the O&M Assessments, and the properties to be improved and benefitted from the O&M Assessments, are all set forth in the Proposed Budget. A geographic depiction of the property potentially subject to the proposed O&M Assessments is identified in the map attached heretu. The table below shows the schedule of the proposed O&M Assessments, which are subject to change at the hearing:

UnitType	Total = of Units/Acres	ERC Eletor	Proposed Gross O&M Assessment Per Unit/Acre (including collection costs/ early payment discounts)
40-49 Lot	129	0.75	\$1,788.07
50-59' Lot	113-	0,91	\$2,193,36
60-69 Lot	264	1.00	\$2,384.09
70-79° Lot	\$1	1.25	3.080.10

The proposed O&M Assessments as stated include collection costs and/or early payment discounts, which St. Johns County "County" may impose on assessments that are collected on the County tax bill. Moreover, pursuant to Section 197.163249. [Parida Statutes, the lien amount shall serve as the "maximum rate" authorized by law for O&M Assessments, such that no assessment hearing shall be held or notice provided in future years unless the assessments are proposed to be increased or another criterion within Section 197.3632(4), Florida Statutes, is met. Note that the O&M Assessments do not include any debt service assessments previously levied by the District and due to be collected for Fiscal Year 2025-2026.

For Fiscal Year 2025-2026, the District intends to have the County tax collector collect the assessments imposed on developed property, but may decide to alternatively directly collect the assessments by sending out a bill prior to, or during, November 2025. It is important to pay your assessment because failure to pay will cause a tax certificate to be issued ugainst the praperty which assessment retracte atoms on play in clause a fact tritance of its estate against on properly similar may result in loss of title, or for direct billed assessments, may result in a loss of title. The District's decision to collect assessments on the tax roll or by direct billing does not preclude the District from later electing to collect those or other assessments in a different manner at a future line.

The public hearings and meeting are open to the public and will be conducted in accordance with the provisions of Florida law. A copy of the Proposed Budget, proposed assessment roll, and the agenda for the hearings and meeting may be obtained at the offices of the District Manager, located at Governmental Management Services. LLC, 475 West Dawn Place, Suite 114, St. Augustine, Florida 29092. Ph. 904–946–3850 ("District Managers (blice"), during normal business hours. The public hearings and meeting may be continued to a date, time, and place to be specified on the record at the hearings or meeting. There may be occasions when staff or board members may participate by speaker

Any person requiring special accommodations at this meeting because of a disability or physical impairment should contact the District Manager's Office at least three (3) days prior to the meeting 14 you are hearing or speech impaired, please contact the Flavida Relay Service by dialing 74-16, or 1-800-953-8771 [TV] [1-800-953-8770] (Voice, for aid in contacting the District Manager's Office.

Please note that all affected property owners have the right to appear at the public hearings and meeting and may also file written objections with the District Manager's Office within twenty days of publication of this notice. An area equivalent to or greater than the height of the tree being serviced must be cleared of all vehicles and movable objects to prevent potential damage from falling debris. Subterranean Fixtures Mapping: Prior to commencing any work, ensure that all subterranean fixtures (such as pipes, cables, etc.) are marked on a map and provided to Quill's Tree Services. This is particularly crucial if stump grinding services are requested, as it ensures the safety of underground utilities. Trouble Code: RIF - REACH IN FREEZER

billable/RIF not holding temp/avail until 8p

BRAND [MODEL # / SERIAL #] SERVING AREA

S-47F / 7730-1714-220 KITCHEN

Found freezer running. Small amount of ice on evaporator. Condenser fan motor and evaporator fan motor running. Box at 19* upon arrival. Put system into defrost. Defrost operation works correctly. Cleaned surface dirt from condenser coil while waiting for defrost to time out. Suspect that unit is low on refrigerant. Holds 4.59oz of R290(propane). Sealed system. Customer says that this unit is less than a year old. Recommend that they call the supplier, or manufacturer. We do not carry propane on our trucks. Unit is cooling, but suspect it wont get down to -1-5* like it should.

1.0 Introduction

1.1 The Districts

The Rivers Edge Community Development District, Rivers Edge II Community Development District, and Rivers Edge III Community Development District (together, the "Districts", the "Parties" or individual each the "party") are local units of special-purpose government, created pursuant to Chapter 190, Florida Statutes. The Districts are part of the development known as RiverTown ("RiverTown"). All three special districts serve the residents within RiverTown. The Districts were established for the purpose of, among other things, financing and managing the acquisition, construction, maintenance and operation of public infrastructure necessary for development to occur within RiverTown.

RiverTown is a master-planned community generally located south of Greenbriar Road and north and east of State Road 13. The planned development for the Districts includes a total of approximately 4,500 residential units. Each individual party has its own development program and infrastructure it is anticipated to finance, construct and own/operate. The Districts have entered into a Tri-party Interlocal and Cost Share Agreement Regarding Shared Improvement Operation and Maintenance Services and Providing for the Joint Use of Amenity Facilities ("Interlocal Agreement") dated October 16, 2019 to share grounds maintenance and amenity operating costs. Each District has their own budget, and each is currently responsible for the costs associated with its infrastructure subject to the cost allocations contained in the Interlocal Agreement.

The parties to the Interlocal Agreement have determined it in their individual and collective best interests to enter into the Interlocal Agreement as community resources are not necessarily bounded by the geographically established areas of each special district boundary. Furthermore, the Parties recognize the cost sharing advantages resulting from economies of scale associated with community development within RiverTown.

1.2 Executive Summary

This Cost Sharing Operations and Maintenance Services – Grounds Maintenance and Amenities Report ("Cost Share Report" or "Report") is structured to allocate the grounds maintenance and amenity operation and maintenance expenditures for infrastructure within each of the special districts to each of the Parties. The concept of this Cost Share Report is to allocate the costs of grounds maintenance and recreational amenities to the Parties based upon the ratio of equivalent residential units ("ERU") in each of the Parties boundaries relative to the total ERUs in

RiverTown. Such shared costs are further defined in this Report. The development program for RiverTown and relative ERUs are contained in Exhibit A of this Report.

The exhibits contained in this Report will be updated annually to reflect the changes in budgeted and projected costs that are anticipated to be shared. The sharing of costs does not infer additional responsibilities, ownership or provide for additional rights for any of the Parties that is not explicitly set forth in the Interlocal Agreement, which may be amended from time to time.

2.0 The Operations and Maintenance Expenditures of the Parties

2.1 Grounds Maintenance

Grounds Maintenance costs include the main roadways in and abutting each special district boundary and include not only landscaping costs but also costs for irrigation, reuse water, electric, stormwater management and administration (together "Grounds Maintenance"). The shared grounds maintenance costs for Rivers Edge CDD reflect the current budgeted costs plus future planned costs within that district. Since Rivers Edge II and III are in the process of development, the costs associated with these districts are estimated based upon engineering and staff input and based upon current development plans.

2.2 Amenities

Amenity costs reflect the current budgeted costs for the RiverHouse, RiverClub, and RiverLodge. For Rivers Edge II the costs allocated do not include the costs associated with the café operations and as such no profit or loss from the café will be allocated to Rivers Edge or Rivers Edge III. Any profit or loss from café operations will be solely retained by Rivers Edge II.

3.0 Cost Sharing Allocation

3.1 Structure

The cost for Grounds Maintenance and amenities are grouped together for each party and then allocated based upon the relative ratio of ERUs in each party's boundary to the total ERUs of RiverTown. As noted above in the executive summary, ERUs have been based upon actual or projected development unit types and benefit.

3.2 Grounds Maintenance Allocation to the Parties

The cost share allocation for the Grounds Maintenance category includes costs for: landscaping, irrigation, reuse water, electric, stormwater and administration. The costs for each party are summarized on Exhibit B and are then allocated to each party based upon the relative ratio of ERUs in each party's boundary to the total ERUs of RiverTown. Once the allocation of Grounds Maintenance category costs is established the amount of cost sharing due to/(from) is determined based upon the allocation of costs relative to the budgeted costs for that particular party.

3.3 Amenity Allocation to the Parties

The cost share allocation for the amenity's category includes the budgeted costs for each party. For Rivers Edge the budgeted costs for the RiverHouse are included less the revenues retained for special events and other revenue (currently community garden and tennis). This is necessary because the costs for special events and other revenue are included in the amenity costs for the RiverHouse. For Rivers Edge II the budgeted costs for the RiverClub are included, less café costs and special event revenues which are treated the same as Rivers Edge. For Rivers Edge III the budgeted costs for the RiverLodge are included, less special event revenues which are treated the same as Rivers Edge. The methodology for the allocation of amenity costs is contained in Exhibit C. Once the allocation of amenity costs is established the amount of cost sharing due to/(from) is determined based upon the allocation of amenity costs relative to the budgeted costs for that particular party.

- (ii) Inspection. Rivers Edge II may conduct regular inspections of the Improvements and shall report any irregularities to the Rivers Edge District Manager, or his/her designated representative.
- (iii) Investigation and Report of Accidents/Claims. Rivers Edge shall investigate and provide a report to the Rivers Edge II District Manager, or his/her designee, as to all accidents or claims for damage relating to maintenance and operation of the Improvements and the River House and Rivers Edge II shall do the same for the River Club. Such report shall at a minimum include a description of any damage or destruction of property. The Parties, to the extent necessary, shall cooperate and aid one another in making any and all reports required by any insurance company or as required by the other in connection with any accident or claim (including but not limited to claims filed with FEMA). No Party shall file any claims with the other's contractor(s) or insurance company without the prior written consent of the others Board of Supervisors.
- (iv) Compliance with Bidding Requirements of Florida Law and Payment of Shared Costs of Improvements. Rivers Edge shall be responsible for procuring bids, and in the event required to do so by law, publicly bidding all work necessary to operate and maintain the Improvements and the River House in compliance with applicable permits, regulations and DRI requirements. Rivers Edge II shall have the same responsibility for the River House and any other Improvements operated and maintained under its authority. Mattamy shall have the same responsibility for any Improvements

operated and maintained under its authority. Rivers Edge II and Mattamy shall provide to Rivers Edge on or before May 15 of each year the anticipated operation, management and maintenance costs associated with the River Club and any other improvements for which it is responsible that make up the Improvements identified hereunder so that such projected costs can be calculated consistent with this Agreement and disseminated to the Parties for budgeting purposes. Rivers Edge shall provide annually on or before June 1 to Rivers Edge II and Mattamy the total amount anticipated for the succeeding fiscal year for operation, management and maintenance of the Improvements, along with the projected Shared Costs, which calculation shall be as set forth in Section 4 herein. Failure to provide the required information by the dates set forth herein may be waived upon a showing of good cause; provided however that the Parties hereby agree the importance of timely submitted information for purposes of compliance with Florida law for budget approval and adoption.

B. Rivers Edge II obligations are as follows:

- (i) General duties. Rivers Edge II shall be responsible for the management, operation and maintenance of the River Club on its own or through its selected contractors, in a lawful manner and in accordance with applicable permits, regulations, code and ordinances.
- (ii) Inspection. Rivers Edge may conduct regular inspections of the River Club and shall report any irregularities to the Rivers Edge II District Manager, or his/her designated representative.
- (iii) Compliance with Bidding Requirements of Florida Law and Payment of Shared Costs of Improvements. Rivers Edge II shall provide to Rivers Edge annually on or before May 15 the total amount anticipated for the succeeding fiscal year for operation and maintenance of the River Club. Rivers Edge II shall be responsible for remittance of its portion of the Shared Costs (as set forth herein) within fifteen (15) days of receiving a timely submitted invoice from Rivers Edge, which amount is anticipated to be billed monthly or more often as may be required to assure cash flow. The appropriate cost shall be as set forth in Section 4 herein.

C. Mattamy obligations are as follows:

- (i) Mattamy hereby agrees that the Improvements, operations and services provide a special and peculiar benefit equal to or in excess of the costs reflected in the exhibits hereto to the property owned by Mattamy.
- (ii) Mattamy agrees to make available to the District the monies

necessary for the Shared Costs as called for in each year's adopted budgets by the Districts, which amounts will be determined each year and as may be amended from time to time in each District's sole reasonable discretion, within fifteen (15) days of written request by the District. Amendments to a District's budget adopted by that District at a duly noticed meeting shall have the effect of amending this Agreement without further action of the Parties. Funds provided hereunder shall be placed in the District's general checking account. In no way shall the foregoing in any way affect any District's ability to levy special assessments upon the property within that District, including any property owned by Mattamy, in accordance with Florida law, to provide funds for any unfunded expenditures whether such expenditures are the result of an amendment to the Districts' Budgets or otherwise.

- In the event Mattamy sells or otherwise disposes of its business or (iii) of all or substantially all of its assets relating to the Improvements, Mattamy shall continue to be bound by the terms of this Agreement until its obligations under this Agreement are deemed fulfilled as described herein, and additionally shall expressly require that the purchaser agree to be bound by the terms of this Agreement. In the event of such sale or disposition, Mattamy may place into escrow an amount equal to the then-unfunded portion of the applicable Shared Costs to fund any budgeted expenses that arise during the remainder of the applicable fiscal year. Upon (1) confirmation of the deposit of said funds into escrow, (2) evidence of an assignment to, and assumption by the purchaser of, this Agreement, and (3) acceptance by the Districts, Mattamy's obligation under this Agreement shall be deemed fulfilled. Mattamy shall give 90 days prior written notice to the Districts under this Agreement of any such sale or disposition.
- (iv) The Parties hereby agree to extend the same rights, obligations and responsibilities contained in this Agreement, including but not limited to this Section, to Rivers Edge III once established and upon acceptance of this Agreement by the Rivers Edge III Board of Supervisors.

4. MAINTENANCE CONTRACTS AND COST SHARING.

- A. Rivers Edge, through its contractor(s), shall be responsible for providing management and maintenance of the Offsite Improvements and the Additional Improvements. The Parties shall each be individually responsible for providing for the operation, management and maintenance of their respective Amenity Facilities, including contracting for such services, but such costs shall be part of the Shared Costs.
- **B.** Each party shall be responsible for its proportionate share of the costs associated with the operation, management and maintenance of the

Improvements, as well as its proportionate share for funding of capital reserves based on a reserve study report and recommendation to be prepared by the Parties' management, which shall together be considered "Shared Costs" and is as more particularly set forth in Composite Exhibit D. Such Shared Costs shall be calculated based upon consultation with the Parties methodology consultant(s) and engineer(s) and may change from time to time, based on updates to the development plan of the Parties properties. Based upon the current development plan for RiverTown, the calculations are as set forth in the table supporting such calculation in the attached Exhibit D. The Shared Costs percentage and total cost may change from time to time based on market factors affecting cost of labor, capital reserve requirements, delivery of additional infrastructure that is considered an "Improvement" and other factors. The costs anticipated for total operation and maintenance of the Improvements as of the effective date of this Agreement, for purposes of reference only, are as set forth in Exhibit D. Rivers Edge, in its sole and absolute discretion, will provide the selection of contractor(s) for operation and maintenance of the Offsite Improvements, Additional Improvements and the Rivers House, but not the River Club, and will separately invoice Rivers Edge II and Mattamy/Rivers Edge III for their proportionate shares of the Shared Costs. Rivers Edge II, in its sole and absolute discretion, will select its contractor(s) for operation and maintenance of the River Club and such costs shall be considered Shared Costs. It is further anticipated Rivers Edge III will have facilities that also make up "Improvements" which shall be shared in the future and will also be responsible for selecting its contractor(s) for operation and maintenance of its Amenity Facilities.

APPROVAL OF SUPPLEMENTAL MAINTENANCE SERVICES. Should any of the Parties desire enhanced or supplemental maintenance services of the Improvements, such Party shall notify the other Parties in advance and in writing, of such request, and the Parties shall work in good faith to determine the appropriate level of enhancement or maintenance services and the appropriate cost share associated therewith, if any, and such agreement shall be as set forth in a separate written instrument that provides the scope of services, compensation and cost share associated therewith. The Parties hereby acknowledge and agree that according to the current development plan for RiverTown community, additional improvements are expected to be added to the "Improvements" category. The addition of such improvements shall be as determined jointly by the Parties engineer(s) and based upon the RiverTown development plan. The calculation of Shared Costs for such additional improvements shall be determined together by each Parties engineer(s) and methodology consultant(s) and shall be subject to the terms and conditions of this Agreement. Mattamy hereby recognizes the methods for determining said calculation and so long as such methodology and calculation is reasonable, hereby agrees to waive any objections, suits, demands or other challenge to the validity of the methodology and costs included in the Shared Costs.

6. DEFAULT; CONFLICT RESOLUTION; TERMINATION.

- A. Default; Cure. A default by any party under this Interlocal Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, damages, injunctive relief and specific performance. Each of the Parties hereto shall give the other Parties written notice of any defaults hereunder and shall allow the defaulting party not less than fourteen (14) days from the date of receipt of such notice to cure monetary defaults and thirty (30) days to cure other defaults.
- **B.** Joint Meeting. When requested by a District Board, as evidenced by a vote of such Board, to discuss issues of concern regarding the subject of this Agreement, a "Joint Meeting" shall be called and noticed pursuant to the legal requirements of public meetings. The Parties agree to use good faith negotiation in efforts to resolve any such issues or areas of concern relating to the subject of this Agreement.
- **C.** Mediation. In the event the Parties are unable to resolve the issues which are the subject of the Joint Meeting, the Parties shall submit their dispute to mediation. The Parties agree to cooperate in the selection of a mediator, and agree to share equally in mediation expenses, including the fees of the mediator. However, each party shall be responsible for the fees of its counsel. This mediation shall be held within forty-five (45) days of the conclusion of the Joint Meeting. This provision in no way abdicates the responsibilities of each party as set forth in the Agreement.
- **D.** Mutual Termination. The Parties shall have the option of terminating this Agreement only by entering into a written Termination Agreement, jointly approved by the Parties which shall be filed with the Clerk of the Circuit Court of St. Johns County, Florida. Recognizing that this Interlocal Agreement is necessary to ensure the continued maintenance of Improvements, including those that are required by various development approvals that service County and State roadways, the Parties agree each will continue to fund the operation and maintenance of the Improvements through and until the final resolution of disagreements hereunder. Mattamy may terminate its obligations under this Agreement upon notifying the Districts of an assignment of its rights and responsibilities under this Agreement, which assignment must be approved, reduced to writing and executed by the Districts and which approval will not be unreasonably withheld, as more particularly set forth in Section 3 herein.
- 7. INSURANCE. During the term of this Agreement, the Parties shall each maintain general liability coverage in an amount sufficient to protect its interests relative to the Improvements. Further, the Parties shall require any contractor retained to perform any of the services or other related work for the Improvements to maintain at the minimum the following insurance coverage throughout the term of this Agreement:
 - **A.** Worker's Compensation Insurance in accordance with the laws of the State of Florida.
 - **B.** Commercial General Liability Insurance covering the Contractor's legal liability for bodily injuries, with limits of not less than \$3,000,000 combined

- single limit bodily injury and property damage liability, and including, at a minimum, Independent Contractors Coverage for bodily injury and property damage in connection with subcontractors' operation.
- C. Employer's Liability Coverage with limits of at least \$1,000,000 (one million dollars) per accident or disease.
- **D.** Automobile Liability Insurance for bodily injuries in limits of not less than \$1,000,000 combined single limit bodily injury and for property damage, providing coverage for any accident arising out of or resulting from the operation, maintenance, or use by the Contractor of any owned, non-owned, or hired automobiles, trailers, or other equipment required to be licensed.
- E. Require such contractor(s) to name Rivers Edge and its supervisors, officers, staff, employees, representatives, and assigns and Rivers Edge II and its supervisors, officers, staff, employees, representatives, and assigns, and Mattamy Jacksonville, LLC and its officers, employees, representatives and assigns as additional insureds under the insurance policy.
- 8. IMMUNITY. Nothing in this Interlocal Agreement shall be deemed as a waiver of immunity or limits of liability of any Party to which such immunity may otherwise apply, including their supervisors, officers, agents and employees and independent contractors, beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature in Section 768.28, Florida Statutes, or other statute, and nothing in this Interlocal Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.
- 9. NEGOTIATION AT ARM'S LENGTH. This Agreement has been negotiated fully between the Parties as an arm's length transaction. The Parties participated fully in the preparation of this Agreement and received the advice of counsel. In the case of a dispute concerning the interpretation of any provision of this Agreement, all Parties hereto are deemed to have drafted, chosen and selected the language, and the doubtful language will not be interpreted or construed against any party.
- 10. AMENDMENT. Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by all of the Parties hereto.
- 11. AUTHORITY TO CONTRACT. The execution of this Agreement has been duly authorized by the appropriate body or official of the Parties hereto, each party has complied with all the requirements of law, and each party has full power and authority to comply with the terms and provisions of this instrument.

1.0 Introduction

1.1 The Districts

The Rivers Edge Community Development District and Rivers Edge II Community Development Districts (together, the "Districts") are local units of special-purpose government, created pursuant to Chapter 190, Florida Statutes. The Districts part of the development known as RiverTown ("RiverTown"). A third community development district is planned, and the establishment petition filed with St. Johns County as of the date of this report, which is anticipated to be known as the Rivers Edge III Community Development District ("Rivers Edge III CDD", and with the Districts, the "Parties" or individual each the "party"). All three special districts will serve the residents within RiverTown. The Districts were established for the propose of, among other things, financing and managing the acquisition, construction, of public maintenance and operation infrastructure necessary for development to occur within RiverTown; likewise, Rivers Edge III is expected to be establish for the same purposes.

RiverTown is a master-planned community generally located south of Greenbriar Road and north and east of State Road 13. The planned development for the Districts and Rivers Edge III includes a total of approximately 5,039 residential units. Each individual party has its own development program and infrastructure it is anticipated to finance, construction and own/operate. The Districts and Mattamy Jacksonville, LLC (as 100% landowner of the lands anticipated to be established as Rivers Edge III) have entered into an Tri-party Interlocal and Cost Share Agreement Regarding Shared Improvement Operation and Maintenance services and Providing for the Joint Use of Amenity Facilities ("Interlocal Agreement") dated October 16,2019 to share landscape, stormwater and amenity operating costs. After Rivers Edge III CDD

establishment, it is anticipated it will replace Mattamy Jacksonville, LLC as a party to the interlocal agreement. Each District has their own budget and each is currently responsible for the costs associated with its infrastructure subject to the cost allocations contained in the Interlocal Agreement.

The parties to the Interlocal Agreement have determined it in their individual and collective best interests to enter into the Interlocal Agreement as community resources are not necessarily bounded by the geographically established areas of each special district boundary. Furthermore, the Parties recognize the cost sharing advantages resulting from economies of scale associated with community development within RiverTown.

1.2 Executive Summary

This Cost Sharing Operations and Maintenance Services -Landscaping and Amenities Report ("Cost Share Report" or "Report") is structured to allocate the landscaping, stormwater and amenity operation and maintenance expenditures for infrastructure within each of the special districts to each of the Parties. The concept of this Cost Share Report is to allocate the costs of master/community landscaping, irrigation, stormwater and recreational amenities to the Parties based upon the ratio of equivalent residential units ("ERU") in each of the Parties boundaries relative to the total ERU's in RiverTown. Such shared costs are further defined in this Report. The development program for RiverTown and relative ERU's are contained in **Exhibit A** of this Report.

The exhibits contained in this Report will be updated annually to reflect the changes in budgeted and projected costs that are anticipated to be shared. The sharing of costs does not infer additional responsibilities, ownership or provide for additional rights for any of the Parties that is not explicitly set forth in the Interlocal Agreement, which may be amended from time to time.

2.0 The Operations and Maintenance Expenditures of the Parties

2.1 Landscaping/Irrigation/Stormwater

Landscaping costs have been structured into "master" and "additional landscaping" categories. The master landscapina category costs include the main roadways in and abutting each special district boundary and include not only landscaping costs but also costs for irrigation, reuse water, electric, stormwater management and administration. The category "additional landscaping" costs neighborhood landscaping areas and also include costs for electric, irriaation. water. stormwater reuse and administration. The shared landscaping costs for Rivers Edge CDD reflect the current budgeted costs plus future planned costs within that district. Since Rivers Edge II and III are in the process of development, the landscaping costs associated with these districts are estimated based upon engineering and staff input and based upon current development plans.

2.2 Amenities

Amenity costs reflect the current budgeted costs for the RiverHouse and RiverClub along with a budget estimated for the Rivers Edge CDD III planned amenities. For Rivers Edge II the costs allocated do not include the costs associated with the café operations and as such no profit or loss from the café will be allocated to Rivers Edge or Rivers Edge III. Any profit or loss from café operations will be solely retained by Rivers Edge II.

3.0 Cost sharing Allocation

3.1 Structure

The cost for landscaping/irrigation/stormwater and amenities are grouped together for each party and then allocated based upon the relative ratio of ERUs in each party's boundary to the total ERUs of RiverTown. As noted above in the executive summary, ERU's have been based upon actual or projected development unit types and benefit.

3.2 Landscaping/Irrigation/Stormwater Allocation to the Parties

The cost share allocation for the landscaping category includes costs for: landscaping, irrigation, reuse water, electric, stormwater and administration. The costs for each party are summarized on **Exhibit B** and are then allocated to

each party based upon the relative ratio of ERUs in each party's boundary to the total ERUs of RiverTown. Once the allocation of landscaping category costs is established the amount of cost sharing due to/(from) is determined based upon the allocation of costs relative to the budgeted costs for that particular party.

3.3 Amenity Allocation to the Parties

The cost share allocation for the amenity's category includes the budgeted costs for each party. For Rivers Edge the budgeted costs for the RiverHouse are included less the revenues retained for special events. This is necessary because the costs for special events are included in the amenity costs for the RiverHouse. For Rivers Edge II the budgeted costs for the RiverClub are included, less café costs and special event revenues which are treated the same as Rivers Edge. A few additional adjustments are made to Rivers Edge II to reflect costs that have already been allocated or should not be reflected for cost sharing. For Rivers Edge III the projected budgeted costs for amenities is included in the cost share allocation. The methodology for the allocation of amenity costs is contained in Exhibit C and as such contains the adjustments described above. Once the allocation of amenity costs is established the amount of cost sharing due to/ (from) is determined based upon the allocation of amenity costs relative to the budgeted costs for that particular party.

Re: Request to Amend the Boundaries of the Rivers Edge II Community Development District

Dear Board of Supervisors:

My firm represents Mattamy Jacksonville LLC (the "Landowner"), which is a landowner within and the developer of the lands within the Rivers Edge II Community Development District (the "District"). The Landowner desires to pursue the removal of approximately 298.07 acres from the District boundary (the "Boundary Amendment"). The Boundary Amendment is necessary to provide the Landowner with greater flexibility and efficiency for its future administration and planning of the lands proposed to be contracted.

The Landowner desires to seek the boundary amendment on its own behalf, and at its own cost and expense. The Landowner would like to make the Board aware of the Landowner's planned Boundary Amendment, and respectfully requests that the Board consent to the Landowner's pursuance of same.

Accordingly, please see the enclosed documents for the Board's review relative to this request:

- 1. Legal description of the proposed contraction parcel; and
- 2. Boundary amendment funding agreement; and
- 3. Resolution consenting to boundary amendment.

The Landowner respectfully requests that this letter and accompanying documents be placed on the District's next Board meeting agenda for consideration. Should you have any questions, please feel free to contact me at 850-692-7308 or <u>Lindsay.Whelan@kutakrock.com</u>.

Sincerely,

Lindsay Whelan
